

## ROV LAUNCHING SYSTEMS AND SHELTERS

Design, fabrication and installation of ROV launching and recovery systems, and shelters.

Shelters features:

- Ultimate protected environment for ROV maintenance
- Launching through sliding floor or front doors
- A-frame and stabiliser included
- Control cabin and workshop may be integrated
- Customised solutions, 3. Party verified

Photos show Shelters on Borgland Dolphin and West Navion, and A-frames on Maersk Master
